Development
U.S. Senate Committee on Appropriations
Dirksen Senate Office Building
Washington, D.C. 20510

The Honorable Patty Murray
Subcommittee on Energy and Water
Development
U.S. Senate Committee on Appropriations
Dirksen Senate Office Building
Washington, D.C. 20510

Dear Chair Kennedy and Ranking Member Murray,

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2026 Energy and Water Development Bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate. None of the entities for which I have requested congressionally directed spending are for-profit entities.

Sincerely,

MARTIN HEINRICH
United States Senator

Heinrich, Martin(D-NM) Energy and Water Development Congressionally Directed Spending Requests

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
Army Corps of Engineers (Civil)	The U.S. Army Corps of Engineers will perform construction activities to support wildfire prevention and restoration in the Middle Rio Grande Bosque in and around the City of Albuquerque.	Albuquerque NM	\$500
Army Corps of Engineers (Civil)	The U.S. Army Corps of Engineers will construct water infrastructure projects in New Mexico.	Bernalillo County, Sandoval County, and Valencia County NM	\$19,234
Bureau of Reclamation	Eastern New Mexico Water Utility Authority will design and construct the Eastern New Mexico Rural Water Project to provide reliable domestic water to communities in eastern New Mexico and Cannon Air Force Base.	Curry, Roosevelt, and Quay Counties NM	\$60,000
Bureau of Reclamation	The Bureau of Reclamation will regulate and store irrigation and flood water in Lake Sumner and Avalon Reservoir, with a diversion from Avalon Reservoir into a canal system to irrigate projects around the Pecos River.	Eddy County NM	\$7,021
Bureau of Reclamation	The Bureau of Reclamation will continue work to construct a water supply delivery and wastewater collection system for the Jicarilla Apache community.	Jicarilla Apache Nation (Rio Arriba County) NM	\$10,000
City of Las Cruces	The City of Las Cruces and its community partners will develop a consumer home energy navigator program to ensure that low- and moderate-income households benefit from weatherization and electrification funding and financing opportunities.	Las Cruces NM	\$350
New Mexico State University	New Mexico State University will complete a pilot-scale demonstration comparing the economic and energetic performance of Air-Source Heat Pumps and Ground-Source Heat Pumps, installed and rigorously monitored in identical conditions.	Las Cruces NM	\$239
Bureau of Reclamation	The Bureau of Reclamation will implement projects for Rio Grande Pueblos including construction of irrigation infrastructure.	Middle Rio Grande Basin NM	\$6,010
Ohkay Owingeh Pueblo	Ohkay Owingeh Pueblo will create an integrated network of solar thermal collectors, shallow geothermal borehole thermal energy storage, and a district heating network to provide year-round heating for greenhouses, homes, and community buildings.	Ohkay Owingeh, Rio Arriba County NM	\$2,000
New Mexico State University	New Mexico State University will support the Navajo Nation's agricultural advanced energy transition design study.	San Juan County NM	\$500
Bureau of Reclamation	The Bureau of Reclamation will design and construct the Navajo-Gallup Water Supply Project.	San Juan and McKinley Counties NM	\$175,000
Army Corps of Engineers (Civil)	The U.S. Army Corps of Engineers will construct levees, create wetlands, and acquire land for fish and wildlife mitigation requirements.	Sandoval County and Valencia County NM	\$13,800
Bureau of Reclamation	The Bureau of Reclamation will manage water and irrigation infrastructure in the Albuquerque Basin of New Mexico.	Sandoval, Bernalillo, Valencia and Socorro Counties NM	\$30,985
Army Corps of Engineers (Civil)	The Middle Rio Grande Endangered Species Collaborative Program will provide scientific, conservation, and educational services to support endangered species recovery activities in the Middle Rio Grande Basin.	Sandoval, Bernalillo, and Valencia Counties NM	\$1,959

New Mexico Department of Energy, Minerals and Natural Resources	The New Mexico Department of Energy, Minerals and Natural Resources will deploy a system for centralized monitoring and control of all state buildings' HVAC and water.	Santa Fe NM	\$1,200
Bureau of Reclamation	The Bureau of Reclamation will continue administering irrigation, hydroelectricity, flood control, and inter-basin water transfers in the Rio Grande Basin.	Sierra County NM	\$9,535
New Mexico Institute of Mining and Technology	New Mexico Institute of Mining and Technology will investigate novel methods to use photo-electrolysis to produce zero-emissions hydrogen and critical minerals from brackish waters.	Socorro NM	\$400
Army Corps of Engineers (Civil)	The U.S. Army Corps of Engineers will design and construct irrigation infrastructure that is part of acequia systems in New Mexico.	Statewide NM	\$31,250
Army Corps of Engineers (Civil)	The U.S. Army Corps of Engineers will construct water infrastructure projects in New Mexico.	Statewide NM	\$44,947
Bureau of Reclamation	The Bureau of Reclamation will manage water stored in the Conchas Dam and Reservoir and the Conchas and Hudson Canals.	Tucumcari (Quay County) NM	\$150
Army Corps of Engineers (Civil)	The U.S. Army Corps of Engineers will work with the National Academy of Sciences and other partners to conduct a study on the management and operations of the dams and reservoirs in the Upper Rio Grande Basin.	Upper Rio Grande Basin NM	\$500
